INDEX TO VOLUME EIGHTY-NINE

July 1932—June, 1933

—A—

Abdomen, gunshot wounds of, by Dr. R. W. Smith 327
Abdominal diseases, upper, diagnosis of, by Dr. William C. Chaney 188
Abortion, threatened, the role of the anterior pituitary luteinizing hormone in, by Dr. J. Thornwell Witherspoon 822
Abscess of the liver, review of ninety-six cases of, by Dr. Hermann B. Gessner 793
Abscess, subphrenic; a clinical study, by Dr. W. S. Kerlin 19
Acute conditions of the female pelvis and lower abdomen, by Dr. Richard Jennings Field 503
Agranulocytic angina, report of a case treated with pentose nucleotide K 96, by Dr. D. O. Wright 682
Allergic reaction by remote control, by Dr. Narcisse F. Thiberge 585
Allergy, by Dr. Edley H. Jones 578
Amebic dysentery, increasing incidence as a warning for more thorough study of diarrheas, by Dr. J. G. Archer 418
Anderson Infirmary Staff Transactions 537
Anderson, W. H.,—Modern surgery on its march to the country 158
Anesthesia, avertin, by Dr. Clyde Brooks 659
Anesthesia, spinal; the use or non-use of pre-spinal Stimulation, by Dr. John G. Snelling 161
Anesthetic agent or method, selection of, by Dr Charles F. McCuskey 1
Angina, agranulocytic, report of a case treated with pentose nucleotide K 96, by Dr. D. O. Wright 682
Angina pectoris and coronary thrombosis, by Dr. T. D. Boudreaux 413
Appendectomy stump, simplified ligation in treatment of, result in five hundred cases, by Dr. Andre B. Carney 9
Appendicitis, chronic, by Dr. W. W. Robinson 497
Archer, J. G.,—The increasing incidence of amebic dysentery as a warning for more thorough study of diarrheas 418
Artificial insemination: report of cases, by Dr. Joseph Cohen 817
Aspiration and air replacement in treatment of empyema, by Dr. R. R. Roberts 28
Asthma, allergic, by Dr. James Cary Pegues 580
Astha, histamin in, by Dr. Narcisse F. Thiberge 39
Asthma in children, from the viewpoint of the pediatrician and the general practitioner, by Dr. Edward C. Mitchell 262
Asthma, the modern treatment of, by Dr. B. G. Efron 906
Avertin anesthesia, by Dr. Clyde Brooks 659
Avertin, clinical experiences with, by Dr. Frank L. Loria 180
Ayo, T. B.,—Induction of labor with castor oil, quinine and puncture of the membranes 235

—B—

Bahn, Charles A.,—Eyes and teeth 800
Bahn, Charles A.,—Headaches of ocular origin 177
Baptist Hospital Staff Transactions 682, 831
Barrow, S. C.,—The expert medical witness 645
Bertucci, Emile A.,—The control of troublesome cough in pulmonary tuberculosis by the use of combined bacterial antigens with the extract anterior pituitary 525
Bethea, Oscar W.,—Some deductions from the physical examination of 1,850 individuals, by Dr. W. Robyn Hardy 259
Bethea, Oscar W.,—Two suggestions: (a) Method of securing the cooperation of the patient for auscultation and (b) A technic for hypodermic injection 681
Biloxi Hospital Staff Transactions 451
Birchett, J. A. K., Jr.,—Some common conditions of the upper urinary tract 587
Bloodgood, Joseph Colt,—The little things in which cancer may develop and the importance of discovering them early so that cancer may be prevented or easily cured 884
Bloom, Charles J.,—Tabulation of cases of rat-bite fever in the United States and Canada with report of a case 731

NOV 17 '33 U OF M BINDERY

Book Reviews 81, 152, 223, 299, 381, 476, 565, 640, 721, 788, 875, 953
Bourdeaux, T. D.,—Angina pectoris and coronary thrombosis 413
Brooks Clyde,—Avertin anesthesia 659
Brown, Joseph P.,—Indiscriminate myringotomy 268
Bubonic plague, history of and personal experience, by Dr. H. W. Knight 672
Burns, the rate of absorption from extensive superficial, by Dr. Robert Kapsinow 597
Burns, the toxin of extensive superficial, by Dr. Robert Kapsinow 195

—C—

Cancer problem, by Dr. J. M. Martin 654
Cancer surgery, disappointments in, by Dr. Isidore Cohn 171
Cancer, the little things in which it may develop and the importance of discovering them early so that cancer may be prevented or easily cured, by Dr. Joseph Colt Youngblood 884
Cancer, what the layman should know about, by Dr. Hugh Shane 604
Carcinoma of the larynx with laryngectomy; case report, by Dr. Raymond T. Smith 339
Carcinoma, resection of the cervical portion of the esophagus and the larynx for; report of a case, by Dr. Howard R. Mahorner 898
Carney, Andre B.,—Simplified "ligation" in treatment of the appendectomy stump—result in five hundred cases 9
Carr, James G.,—The treatment of cardiac and renal edema 723
Case Reports and Clinical Suggestions 117, 610, 680
Castor oil, quinine and puncture of the membranes in induction of labor, by Dr. T. B. Ayo 235
Cervix, treatment of lesions of, by Dr. V. B. Philpot 332
Chaney, William C.1—Diagnosis of chronic upper abdominal diseases 188
Charity Hospital Medical Staff Meetings 54, 350, 533, 613, 691, 760, 831, 913
Charity Hospital Surgical Staff Transactions 443
Chaulmoogra oil in eye, ear, nose and throat, by Dr. T. J. Dimitry 36
Children, vulvo-vaginitis in, clinical and social aspects with an outline of a special method of treatment, by Dr. J. Thornwell Witherspoon 108
Chinese medicine, by Dr. R. B. Price 606
Clark, R. H.,—Undulant fever 737
Cohn, Isidore,—Disappointments in cancer surgery 171
Cohn, Isidore,—The significance of splenomegaly 15
Cohen, Joseph,—Artificial insemination: report of cases 817
Collier, George B.,—Tonsillectomy by fractional electrocoagulation 515
Copland, Sidney M.,—Some clinical concepts of heart failure 113
Copland, Sidney M.,—Some observations on the Inaugural symptoms of hypertension 668
Coronary occlusion, painless, by Dr. I. I. Lemann 807
Coronary thrombosis and angina pectoris, by Dr. T. D. Bourdeaux 413
Cutting, Reginald A.,—The place of dextrose phleboclysis in surgery 238

—D—

Dabney, Eugenia B.,—(joint author),—see Dabney, M. Y. 227
Dabney, M. Y.,—Sterility in women, by Dr. M. Y. Dabney and Eugenia B. Dabney 227
Daspit, Henry,—The psychiatric clinic—its function 797
Deductions from the physical examination of 1850 individuals, by Dr. Oscar W. Bethea and Dr. W. Robyn Hardy 259
Dextrose phleboclysis in surgery, by Dr. Reginald A. Cutting 238
Diabetes mellitus, old and new, by Dr. G. W. F. Rembert 153
Diagnosis and surgical treatment of duodenal ulcer, by Dr. R. L. Sanders 320
Diagnosis of chronic upper abdominal diseases, by Dr. William C. Chaney 188
Diagnosis of oral pathology, modern concept of, by Dr. Sidney L. Tiblier 749
Diagnosis of pregnancy by rabbit ovulation test, by Dr. E. L. King and Dr. J. A. Lanford 11
Dimitry, T. J.,—Chaulmoogra oil in eye, ear, nose and throat 36
Diphtheria, imporant facts regarding the prevention and treatment of, by Dr. J. A. Miller 507
Diseases, filth borne, how and when of control in Mississippi, by Dr. T. Paul Haney, Jr. 310
Dixon, Claude F.,—Acute intestinal obstruction 87

Duodenal ulcer, diagnosis and surgical treatment of, by Dr. R. L. Sanders 320
Durham, O. C.,—The ragweed situation in the Southern States 492
Dysentery, amebic, increasing incidence as a warning for more thorough study of diarrheas, by Dr. J. G. Archer 418

—E—

Ear diseases, some common, by Dr. D. E. Staton 520
Edema, cardiac and renal, treatment of, by Dr. James G. Carr 723
Editorials 45, 119, 198, 273, 348, 430, 531, 611, 684, 758, 825, 911
Efron, B. G.,—The modern treatment of asthma 906
Electrocardiography, its place in medicine, by Dr. Warren L. Rosen 811
Electrocoagulation, fractional, tonsillectomy, by Dr. George B. Collier 515
Empyema, treatment by aspiration and air replacement, by Dr. R. R. Roberts 28
Erythrocytes, sedimentation rate of, by Dr. Adolph Jacobs 404
Esophagus, resection of the cervical portion of, and the larynx for carcinoma; report of a case, by Dr. Howard R. Mahorner 898
Eustis, Allan,—Headaches, causes and treatment 253
Eustis, Allan,—Some interesting observations on goiter 892
Examination of 1850 individuals, some deductions from, by Dr. Oscar W. Bethea and Dr. W. Robyn Hardy 259
Eyes and teeth, by Dr. Chas. A. Bahn 800
Eye, ear, nose and throat, chaulmoogra oil in, by Dr. T. J. Dimitry 36

—F—

Fever, rat-bite, tabulation of cases in the United States and Canada with report of a case, by Dr. Charles J. Bloom 731
Fever, undulant, by Dr. R. H. Clark 737
Field Memorial Hospital Staff Meetings 688
Field, Richard Jennings,—Acute conditions of the female pelvis and lower abdomen 503
Filth borne diseases, how and when of control in Mississippi, by Dr. T. Paul Haney, Jr. 310
Fractures of long bones, critical remarks on "whys and wherefores" of bad results in, by Dr. A. C. King 249
Fractures of the mandible and their treatment, by Dr. J. P. Wahl 900
Fractures, personal contribution to the treatment of as the result of long years of study and research, by Df. E. Denegre Martin 571
Fractures, recent nasal, by Dr. Charles A. McWilliams 336
French Hospital Staff Transaction 442, 536, 691, 759, 915

—G—

Gandelman, S. F.,—Priapism; case report 118
Gessner, Hermann, B.,—A review of ninety-six cases of abscess of the liver 793
Goiter, by Dr. Howard R. Mahorner 395
Goiter, some interesting observations on, by Dr. Allan Eustis 892
Goiter, toxic, treatment by means of radiation therapy, by Dr. Leon J. Menville 648
Granger, Amedee,—Small doses of the roentgen rays in the treatment of inflammatory conditions 103
Granulocytopenia, leukocyte count in rabbits after injection of an organism from a case of, by Dr. Wm. A. Sodeman 909
Graves, James Q.,—Memorial Oration Louisiana State Medical Society 879
Greenwood-LeFlore Hospital Staff Meetings 203
Gunshot wounds of the abdomen, by Dr. R. W. Smithe 327
